Patient Notice of Billing Practices

Medical Services provided by Alaska Breast Care and Surgery, LLC are payable at the time of service. We accept the following:

- Cash, Personal Checks, Money Orders, Debit Cards, MC, and Visa
- Insurance is billed as a *courtesy* for our patients. We do collect office visit payments at the time of the visit. **For all procedures done in the office, your co-pay is payable at the time of service; for all surgeries, 20% of the estimated fee is payable at the time the procedure is scheduled.**
- Payment plan options are offered for certain circumstances. If you are in need of a payment plan option, please ask to speak to the Practice Manager or Billing Department Supervisor. All patient payments under \$500 are to be paid in full within *three* months. Payment plans over \$1000 are to be paid in full within *six* months.

Our preference is to work with our patients as much as possible; however, any delinquent account balances will be forwarded to Cornerstone Credit Services. Accounts referred to a collection agency may be assessed additional fees. These fees are assessed by the collection agency and are in addition to the clinic fees due Alaska Breast Care and Surgery, LLC. All NSF checks will be assessed a \$25.00 NSF fee.

Private Insurance

We bill most private policies as a courtesy to our patients. We allow a 30-day grace period for insurance companies to respond to submitted claims. If an insurance company does not respond to a submitted claim within 30 days, the amount of that claim becomes due in full by the patient. The patient is also responsible for all balances not paid by the insurance companies.

****No Show/Cancellation Policy****

We strive to see patients in our office as soon as possible. So that everyone can be seen in a timely fashion, we ask that you contact our office at least 2 business days before your appointment if you need to cancel and reschedule. If you fail to contact our office 24-hours in advance or if you do not show for your appointment, you will be assessed a \$25.00 fee.

Medicare/Medicaid

We accept Medicare and Medicaid. As a provider participating in the Medicare and Medicaid programs, we are required to collect applicable co-payments at the time of service. If we believe a procedure may not be a covered service under either of these programs, we will provide you with this information and the estimated fees prior to the procedure. In such cases, you will be asked to sign a waiver indicating you understand that the procedure may not be covered and that you will be responsible for the fees associated with the procedure should your health care benefits not cover the fees.

Out of State Patients

Patients who are visiting Alaska or are foreign exchange students and require our services will be required to make full payment at the time services are rendered. We will provide you with a receipt that you may submit to your insurance for reimbursement.

Municipality of Anchorage Ordinance 2017-26

As directed by Municipality of Anchorage Ordinance 2017-26, we are more than happy to provide you with an estimate of your services should you request it. In addition to charges incurred at our office, there may be additional charges from other facilities, such as pathology, hospital facility fees, radiology fees, etc. These fees will only be assessed as appropriate to your visit. In the case of those with out of network insurance carriers, you may incur out of network charges. Please feel free to ask for our office manager if you have any questions concerning MoAO2017-26.

I have read the above payment options and understand my financial responsibility to Alaska Breast Care and Surgery, LLC. (If you have additional questions, please ask to speak to the Practice Manager prior to your appointment.) Thank you for allowing us to be part of your health care!
